Subject: CAASPP and ELPAC: 2020-2021 Assessment Release Dates

Dear LEA CAASPP Coordinator or LEA ELPAC Coordinator:

Components of the CAASPP and ELPAC assessment systems are released at different times throughout the test administration year. As you set up the local educational agency’s (LEA’s) test administration window and finalize planning for another successful administration, please keep the following dates in mind:

Date	Release Milestone
<p>July 1, 2020</p>	<p>ELPAC</p> <ul style="list-style-type: none"> The 2020–2021 Initial ELPAC testing window opens. However, from July 1 through August 19, 2020, LEAs that administer this test will use the 2019–2020 paper-pencil Initial ELPAC. Results are to be entered using the Preliminary Overall Score Sheets available in the Test Operations Management System (TOMS) until the Data Entry Interface (DEI) becomes available on August 20, 2020. The Local Scoring Tool (LST) will be retired on June 27, 2020. Between that date and the date when the DEI becomes available on August 20, LEAs will track scores based on student responses in a student Answer Book using the Initial ELPAC Preliminary Overall Score Sheets available in TOMS so students can continue to be appropriately assigned English language development services if they are determined to be English learners (ELs). Then, all scores from the paper-pencil tests will need to be entered into the DEI by the test examiner or other assigned staff member after August 20 to produce the official score. These scores are not official until they are entered into the DEI. A single source for the collection of student responses is necessary for reporting.
